DAIERTEK / DAIERLINK

PRODUCT CATALOG & WHOLESALE SOURCING GUIDE

B2B SOLUTIONS

Executive Overview

DaierTek is a leading manufacturer and wholesale provider specializing in commercial-grade satellite connectivity accessories, custom cable assemblies, and specialized mounting solutions. We support global distributors, system integrators, and brand partners with robust OEM/ODM services.

Core Product Platforms

Starlink Mini Accessories

Integrated power solutions, waterproof DC adapters, high-flexibility travel cables, and compact mounting systems for mobile applications.

Starlink V5 & Standard 4X

Heavy-duty outdoor pipe adapters, specialized Ethernet converters, extended PoE injectors, and weather-sealed enclosures.

Performance & Enterprise

High-draw power supply modules, ruggedized vehicle mounts, and multi-dish array mounting hardware engineered for high wind resistance.

Custom Cable & Adapters

Tailored wire harnesses, custom pinout connectors, molded rubber grommets, and premium shielding for harsh environments.

OEM/ODM Capabilities: We offer comprehensive manufacturing customization including private labeling, custom housing engineering, tailored cable lengths, and specialized B2B packaging solutions tailored for global markets.
